

Super Pass Pay Online Order Form

The Super Pass is a prepaid voucher that looks like a credit card. Once purchased, it allows you to choose between Alta, Snowbird, Brighton or Solitude. When you are ready to ski (or board), go to the ticket office of your chosen resort for the day. (Please note, snowboarders will not be able to ride at Alta). The resort ticket office will debit your Super Pass for one day and provide you with a lift ticket. The Super Pass allows you to ski one mountain per day (not all four mountains in one day).

- Superpasses become activated the first time you use them to purchase a lift ticket. Once activated, you have 7 days to use your Super Pass. Superpasses purchased for more than 7 days are valid for 14 days after activation.
- Super Passes are non-refundable and should be treated like cash.
- It takes time to process Super Pass orders. To ensure efficient processing, please make Super Pass payments and place Super Pass orders no later than **noon the day before you would like to ski.**

Please be aware: although it is possible to process passes the morning of your ski day, it will take time. Your prompt arrival to the slopes cannot be guaranteed.
